INDEPENDENT AUDITORS' REPORT

M1 Energy Capital Securities, LLC
Chicago, IL 60604

I have audited the accompanying statement of financial condition of M1 Energy Capital Securities, LLC as of December 31, 2007 and the related statement of income, changes in members' capital, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on our audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that our audit provides a reasonable basis for our opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of M1 Energy Capital Securities, LLC as of December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on Pages 8, 9 and 10 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

M1 ENERGY CAPITAL SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

A. Summary of Significant Accounting Policies

Nature of Business

M1 Energy Capital Securities, LLC, a Delaware Limited Liability Company (the "Company") was formed on January 1, 2003. The Company was approved as a member of the National Association of Securities Dealers (NASD) on September 11, 2003. The Company is subject to a minimum net capital requirement of \$5,000 under SEC Rule 15c3-1, operated pursuant to the (k)(2)(ii) exemptive provision of SEC Rule 15c3-3, and did not hold customer funds or securities.

Method of Accounting

The Company maintains its books and records on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Commissions

Commissions are recorded on a trade-date basis as securities transactions occur.

Cash Equivalents

The Company considers as cash all liquid securities with maturities of three months or less.

Federal Income Taxes

The Company is a Limited Liability Company and has elected to be taxed as a Partnership; therefore no income taxes are owed at the Company level. All taxable income and all operating losses flow through to the members and reported on their tax return. Accordingly, no provision for federal income taxes has been recorded in these financial statements.

M1 ENERGY CAPITAL SECURITIES, LLC

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007

Net Capital

The Company is subject to a \$5,000 minimum capital requirement under SEC Rule 15c3-1, which requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis; however, as of December 31, 2007, the net capital was \$22,448 which exceeded the required minimum capital by \$17,448. The Company's aggregate indebtedness (A.I.) to net capital ratio was not applicable since there was no A.I.

M1 Energy Capital Securities, LLC
Houston, Texas

In planning and performing my audit of the financial statements and supplemental schedules of M1 Energy Capital Securities, LLC. for the year ended December 31, 2007, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the consolidated financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulations T of the Board of Governors of the Federal Reserve System.

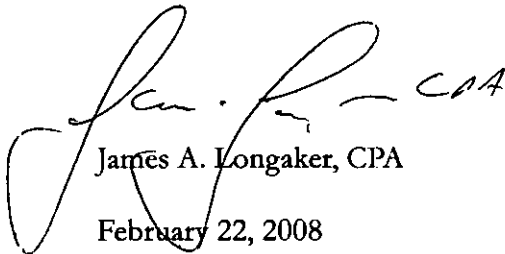

The management of the Company is responsible for establishing and maintaining a system of internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control, including control activities for safeguarding securities, that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Members, management, the SEC, NASD and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
